ELITE TRAVELLER® PLUS

Go-Go Elite Traveller® Plus
3-Wheel Scooter

The Go-Go Elite Traveller® Plus was designed to bring travel scooters to a greater range of people than ever before. An increase in length and width, and a weight capacity of 300 lbs. (325 lbs. w/HD version) combine with wraparound delta tiller to allow both the larger individual and those with limited dexterity to experience the benefits of a travel specific mobility product for the first time. Feather-touch disassembly makes the Go-Go Elite Traveller Plus the easiest travel scooter to take along anywhere.
